

“inspiration. partnership. support”

GENCOM TECHNOLOGY
TECHNOLOGY PARTNERS

Your global partner in
media technology solutions,
providing you with
design, technology and
full integration services,
including all the
nuts & bolts.

Check out some of our key
technology partners

AJA VIDEO SYSTEMS

- Rack-mount and mini converters
- Routers and fibre-optics
- HDD, SSD & CF ProRes field recorders

▶▶ www.aja.com

AUTOSCRIPT

- Prompting systems incl newsroom integration
- On-camera units from 8" to 19"
- Wireless and voice control options

▶▶ www.autoscript.tv

AVID

- Editing solutions for post-production
- Editing solutions for news and sports
- Storage and networking solutions

▶▶ www.avid.com

BUILDING 4 MEDIA

- Professional cross platform IT based (playout) systems
- New media
- Scalable, flexible and open solution

▶▶ www.b4m.com

BROADCASTMICROWAVESERVICES

- Low latency COFDM wireless SD/HD camera systems
- 2 way and 6 way diversity receive systems
- Airborne digital transmitter systems

▶▶ www.bms-inc.com

Broadcast Pix

BROADCAST PIX

- Cost effective vision mixers
- Built in multi-viewer, clips and CG
- Camera and VTR/DDR control

▶▶ www.broadcastpix.com

CARTONI

- Film and video camera support systems
- Pan/tilt heads and tripods – DSLR to OB
- Dollies, peds, dutch, virtual, remote and SFX.

» www.cartoni.com

CLEAR COM

- Party-line and digital matrix intercom systems.
- Live theatre and performance.
- Aerospace & industrial applications.

» www.clearcom.com

COBALT

- Distribution and conversion products on OpenGear™ platform
- Audio Solutions including up-mixing and loudness processing & metering
- Rugged products

» www.cobaltdigital.com

DATAPATH

- High performance graphics capture cards
- Multi-display video-wall control systems
- Video capture and overlay cards

» www.datapath.co.uk

DE SISTI LIGHTING

- Complete lighting systems up to 12 KW.
- HMI, tungsten & fluorescent lights.
- Ballasts, hoists and all rigging equipment.

» www.desisti.it

digital nirvana

DIGITAL NIRVANA

- Remote monitoring and logging of broadcast transmission
- Comprehensive reporting on video and audio errors
- Reporting on content play-out with error logging.

» www.digital-nirvana.com

DNF CONTROLS

- VTR and clip control.
- Playlist and sports control.
- Ethernet machine control.

» www.dnfcontrols.com

DVS

- Advanced servers and storage solutions
- Broadcast, post and digital film
- Complete DI workflow from SD to 4K.

» www.dvs.de

DYNAMIC DRIVE POOL

- Superior shared storage solutions
- SAN speed with NAS functionality
- Project and file-level based sharing.

» www.ddp-asia.com

ENSEMBLE DESIGNS

- Avenue frame based conversion and infrastructure modules.
- Brighteye stand-alone modular conversion & infrastructure modules.
- Distribution, conversion, sync, monitor interface and fibre modules.

» www.ensembledesigns.com

FAIRLIGHT

- Audio post-production centre
- Fully integrated SD/HD video
- Multiple file format file-based workflow.

» www.fairlightau.com

HAMLET

- Test, measure, monitor and generate
- Handheld, portable and rack versions
- Automated QC of files and live media

» www.hamlet.co.uk

HARRIS BROADCASTING

- Routing, distribution conversion and multi-viewers
- News and editing, content management, automation
- Digital signage solutions.

▶▶ www.harris.com

KRAMER ELECTRONICS

- Modules for distribution, conversion, transcoding and switching
- Scalers, scan-convertors, computer interfaces and presentation switchers
- Equipment for twisted pair and fibre.

▶▶ www.kramerelectronics.com

LINEAR ACOUSTIC

- Audio loudness management- ingest to transmission
- Audio transcoding, reshaping and up/down-mixing
- Multi-channel audio and metadata monitoring.

▶▶ www.linearacoustic.com

MEDIAPROXY

- Professional compliance logging and monitoring.
- Analogue, SD-HD-SDI and ASI

▶▶ www.mediaproxy.com

MULTIDYNE

- Fibre optic transmission equipment for installation and field use.
- Fibre optic routing switchers and multiplexers.
- Test signal generators and distribution equipment.

▶▶ www.multidyne.com

a product of

OPEN MEDIA a product of ANNOVA Systems

- Advanced news management system.
- Story-centric news production.
- TV, radio and online workflow.

▶▶ www.annova.de

PIXEL POWER

- Character generators and graphics systems.
- Channel branding.
- Master control switchers with built-in branding.

▶▶ www.pixelpower.com

PLURA BROADCAST

- Broadcast monitors from 7" to 70"
- Multi-viewers and multi-view monitors
- Fibre-optics, CG and T&M.

▶▶ www.plurabroadcast.com

RTW

- Surround sound control, metering & monitoring
- ITU BS.1771 compliant loudness measurement
- Multichannel audio analysis tools.

▶▶ www.rtw.de

ROSS VIDEO

- Vision mixers of all types and sizes, including production control options.
- Conversion and distribution equipment with Open Gear frames.
- Graphics equipment and servers.

▶▶ www.rossvideo.com

SCREEN SERVICE

- Analogue and digital transmitters and transposers, including DVB-T and DVB-H.
- Analogue & digital microwave links.
- Remote control and monitoring.

▶▶ www.screen.it

- Media archive management.
- Media workflow solutions.

▶▶ www.sgluk.com

TELESTREAM

- File transmission systems
- File format conversion systems
- Media workflow management software

▶▶ www.telestream.net

T-VIPS

- HD and SD JPEG 2000 transmission equipment
- IP transmission equipment
- Multiplexing and management equipment for contribution and distribution links

▶▶ www.t-vips.com

- Conditional access for IPTV.
- DVB S.I. server.
- VOD video pre-processor.
- Content security manager.

▶▶ www.verimatrix.com

WOHLER

- Multichannel audio and video monitoring and metering units.
- Built-in decoding of Dolby AC-3 and Dolby-E.
- Single and multi-screen rack-mount monitors.

▶▶ www.wohler.com

ZEPLAY BY TIGHTROPE

- Multichannel instant replays for sports
- Four inputs, four outputs, always recording
- Rock solid, lightning fast.

▶▶ www.trms.com
