

PRISM Trade-in Program

Equipment Upgrade Special

Effective June 1, 2023, you can trade in qualified instruments and save 30% with Telestream and its authorized distributors.*

PRISM 
TRADE-IN program

MPS • MPX2  MPD • MPP

In return for the purchase of new PRISM models (MPS/MPD/MPP models, and MPX2-25), you can receive a trade-in credit if you choose to trade in your working Telestream, or equivalent competitor product, which was purchased more than 5 years ago. Check the table below for a list of valid trade-in products.

Program Rules

- This trade in is only for the Trade-in models in the above list towards purchase of a PRISM model.
- The displaced unit must be in working order and should be purchased before December 31, 2018.
- The trade-in credit will be applied on a one for one basis i.e., the discount will only be applied to a purchased unit in return for an associated trade-in instrument.
- The trade-in credit applies to the base unit and all options / accessories, excluding service options.
- Telestream reserves the right to limit the number of Trade-ins accepted from end users.
- The purchase order must be placed and accepted before November 30, 2023.
- Telestream decisions regarding this promotion are final and binding.
- Telestream reserves the right to change or cancel this program at any time.

Trade-in Equipment Disposition

Customer will be responsible for the disposition of trade in equipment. Products that have been used in the trade-in program should be retired or destroyed based on local regulations. The program's intent is to decommission all equipment and dispose of it in an environmentally lawful manner.
